What's new at BRC Safety Corner...?

Where safety always come first

It's always a good sign when safety is on your mind.

Brighten the holidays by making your health and safety a priority.

1. **Wash hands** often to help prevent the spread of germs. It's flu season. Wash your hands with soap and clean running water for at least 20 seconds.
2. **Prepare food safely.** Remember these simple steps: Wash hands and surfaces often, avoid cross-contamination, cook foods to proper temperatures and refrigerate foods promptly.
3. **Bundle up** to stay dry and warm. Wear appropriate outdoor clothing: light, warm layers, gloves, hats, scarves, and waterproof boots.
4. **Always buckle** your children in the car using a child safety seat, booster seat, or seat belt according to their height, weight, and age. Buckle up every time, no matter how short the trip and encourage passengers to do the same.
5. **Practice fire safety.** Most residential fires occur during the winter months, so don't leave fireplaces, space heaters, food cooking on stove-s, or candles unattended. Have an emergency plan and practice it regularly.
