

# Bailey's Respite Care

## February 2019

### News letter

**Welcome to BRC.... Safety Corner,  
Where safety always come first**

#### Safe Driving Tips:

1. Don't use your phone or any other electronic device while driving.
2. Keep a 2-second cushion between you and the car in front of you. Make that 4 seconds if the weather is bad.
3. Always wear your seat belt and drive sober and drug-free.
4. Avoid driving when you're tired. Be aware that some medications cause drowsiness and make operating a vehicle very dangerous. Learn more about [drowsy driving](#).
5. Always use caution when changing lanes. Cutting in front of someone, changing lanes too fast or not using your signals may cause an accident or upset other drivers.
6. **What to do after an accident? Call 911 or the local police immediately**

**Parent  
First Responder: April Butcher  
Your QP**
